 - (b) Us agreeing to accept Your request for supply whether such request is (i) set out in an application form or written contract or by telephone or online application with Us or the Network Operator; or (ii) evidenced by Your use of Gas supplied by Us at the Supply Address;
 - (c) the Supply Address being connected to the System;
 - (d) all necessary equipment and apparatus being installed and/or available at the Supply Address; and
 - (e) a satisfactory credit check report being completed by Us, if necessary (as determined at Our absolute discretion).
- 2.2 These terms and conditions shall have effect from the Effective Date.
- 2.3 Prior to the Effective Date, We may require You to:
- (a) pay any previous outstanding charges owed by You to Us;
 - (b) pay any outstanding charges owed by You to any previous supplier of Gas to You at the Supply Address or any other address;
 - (c) provide Us with a Meter reading;
 - (d) pay a connection charge (where applicable); and/or
 - (e) provide a reasonable deposit by way of security for future payments.

2.4 The terms and conditions set out in this document and the Customer Agreement Form (if any) are the agreement between You and Us for supplying Gas for use at the Supply Address (the **"Agreement"**). For the avoidance of doubt, this Agreement shall also apply to Customers who are supplied Gas by Us under a Deemed Contract.

2.5 If We already supply You with Gas at the Supply Address the Agreement replaces any previous agreement for supply with Us.

2.6 Ownership, risk and title to the Gas supplied passes to You at the outlet of the Meter.

2.7 We can refuse to supply You under this Agreement or require You to stop using Your Supply where:

- (a) an agreement to supply Gas to the Supply Address already exists;
- (b) Your existing Gas supplier, where applicable, or any other person, prevents Us from supplying You;
- (c) Your supply has been disconnected by Us and there is no obligation on Us to resume supply;
- (d) You are in breach of any condition of this Agreement;
- (e) We have reason to believe that supply may result in danger to life and/or property including as a result of Meter Tampering or other interference with the supply or equipment;
- (f) We are required or entitled to by the Department of Enterprise, Trade & Investment, the Authority, the Network Operator or under any Enabling Legislation;
- (g) Metering arrangements and/or equipment provided are unacceptable to Us;
- (h) You have refused to accept Our payment terms which may include a security deposit; or
- (i) You have not provided to Our satisfaction proof of Your identity or any other information reasonably required by Us in connection with the supply of Gas.

2.8 Where You already have an agreement with an existing supplier of Gas for the supply of Gas to the Supply Address, you hereby authorise us to provide any notice of termination to your existing supplier of Gas on your behalf in accordance with the terms of your existing agreement. You also irrevocably appoint us as your attorney to execute and deliver all documents and to do all such things that are necessary to give effect to the termination of your existing agreement.

2.9 We are not responsible for any faults in the Meter or other equipment connected thereto that is fitted or supplied by any previous supplier of Gas.

3 CEASING OCCUPANCY OF THE SUPPLY ADDRESS

3.1 If You are ceasing occupancy of the Supply Address You may terminate this Agreement by providing Us with at least 48 hours notice.

3.2 If You fail to provide Us with at least 48 hours' notice in accordance with condition 3.1 or You have not provided Us with the Meter reading on the day You ceased to occupy the Supply Address, You shall be liable for all charges relating to the supply of Gas at the Supply Address until the first to occur of the following:

- (a) the date from which the next occupier of the Supply Address requires a Gas supply;
- (b) the date of the next Meter reading obtained by Us; or
- (c) the 28th day after You notify Us that You have ceased to occupy the Supply Address in accordance with Your termination rights under this Agreement.

4 PRICE AND PAYMENT

4.1 You agree to pay for the Gas supplied and Our other charges in connection with the supply of the Gas to You at the price calculated in accordance with Our relevant Standard Tariff or as otherwise agreed with You. We may change Our Standard Tariffs from time to time. We will provide details of Our Standard Tariffs to You upon request.

4.2 Where there is an increase in Your tariff We will inform You by one or more of the following methods: in writing, email, on Your bill, notice in the newspaper or publication on Our website.

4.3 If We have entered into an introductory tariff arrangement with You, whereby You are receiving a discounted rate and the period of the discount (**"Fixed Term"**) has been communicated to You at the outset (by way of the Customer Agreement Form or otherwise), then no further notice will be given on the expiry of that Fixed Term and on expiry of the Fixed Term, Our Standard Tariff will apply unless your annual consumption is less than 73,200kWh, whereby You will receive a letter detailing your contract end date and the applicable tariff Your account will default to.

4.4 The volume of Gas supplied (if any) by Us shall be measured in cubic metres but shall be charged for in units of kilowatt hours. The measurement shall be converted to kilowatt hours (kWh) by the application of Our standard method of calculation using the average of the daily Calorific Value of the Gas supplied and (if applicable) a correction factor for temperature and pressure. The register of the Meter shall be prima facie evidence of the amount of Gas supplied. You must ensure that the Meter is easily accessible to Us and/or Our agents if a Meter read is required by Us.

4.5 If:

- (a) We do not have an actual Meter reading including (without limitation) as a result of the Meter Tampering, theft of a Meter, damage to a Meter or the Meter being inaccessible; or
- (b) The Meter is found to be recording inaccurately; or

- (c) in error We and/or Our agents read the Meter incorrectly or attribute a Meter reading to You where such Meter actually records Gas supplied to a third party customer,

We shall, in Our absolute discretion, base Your bill on a reasonable estimate of the amount of Gas You may have used. Our estimate of Your Gas charges shall take into consideration all relevant information available to Us and, if necessary, We shall adjust the bill at the following Meter reading. However, if the error was Our fault, We will only backdate the bill for a maximum of 13 months, for customers with annual consumption of less than 73,200kWh.

4.6 If You have agreed to provide Your own meter read for billing purposes and We have not received such read, We will be required to estimate Your meter read for billing. If We are not in a position to estimate Your usage, We may be required to send out a contractor to read your meter. The cost of this will be passed on to You in your Natural Gas bill for that period.

4.7 In relation to the Gas supplied pursuant to this Agreement You must pay Value Added Tax (and any other applicable tax or duties imposed upon Us in relation to such supply).

4.8 We may also charge You for Our reasonable costs that are not set out in Our Standard Tariffs. These include (but are not limited to) the following:

- (a) additional charges for the Meter and other metering equipment at the Supply Address and/or any other property on which is located equipment connected with the supply to the Supply Address. This equipment shall remain the property of the Network Operator, unless You have purchased it and obtained written consent for such purchase from the Network Operator; and/or
 - (b) disconnecting or reconnecting Your supply provided that, in circumstances where You are switching to another supplier, the disconnection costs reflect Our actual costs of disconnecting the Supply Address and do not represent a charge imposed on You by Us for You changing supplier; and/or
 - (c) any breach by You of Your obligations under this Agreement including, but not limited to, any action or costs (including Our legal costs) incurred by Us in recovering unpaid charges and interest payable in accordance with 4.11(a); and/or
 - (d) any attendance by appointment at the Supply Address, by Us or any of Our agents, or failure by You to attend an agreed appointment; and/or
 - (e) costs associated with Meter Tampering by You or any other person howsoever caused, including (without limitation) the costs of repairing or replacing the tampered Meter and the costs of all Gas obtained from Us without charge as a result of the Meter Tampering; and/or
 - (f) all internal and external costs associated with theft, loss, damage or other interference to equipment (whether by You or any other person, howsoever caused) including (without limitation) (i) the costs of a new Meter or other relevant equipment; and (ii) the costs of installation and/or connection of a new Meter or equipment; and/or (iii) the costs of repair to damaged Meters and/or equipment; and/or
 - (g) a minimum charge where the Meter and other equipment for supply has been installed but You have used less Gas than the minimum volume detailed in Our Standard Tariffs; and/or
 - (h) a reasonable administrative charge in connection with any of the actions taken by Us or Our agents in accordance with this condition 4.8; and/or
 - (i) all applicable Pass Through charges including any reasonable costs that We are charged for processing credit or debit card payments made by You.
- 4.9 We shall render periodic bills which shall identify the charges payable. Our charges for Gas supplied and/or all other costs recoverable under this Agreement must be paid within 14 days of the date of the relevant bill.

4.10 You shall pay Us by direct debit unless We agree that an alternative payment method is acceptable. You agree to make such arrangements as may be necessary to ensure that You pay using the method specified by Us from time to time.

4.11 If You fail to pay any amount when due:

(a) interest will be payable on overdue payments at the rate of 3% per year above Northern Bank Limited's base lending rate in force from time to time. Interest shall be calculated from the date which is 7 days following the date on which the overdue payment became payable, to the date on which it is paid in full. We may also add reasonable charges to Your next invoice or statement to recover Our costs and external costs We incur in trying to recover any overdue payments including (without limitation) a reasonable administrative charge and any third party fees reasonably incurred; and/or

(b) We may require You to change the method by which You pay for Your Gas; and/or

(c) We may require a reasonable security deposit; and/or

(d) We may give You notice of Our intention to terminate this Agreement in accordance with condition 7.6 (a) (i) and to arrange to disconnect Your supply.

4.12 Any security deposit paid by You shall be repaid following 12 months of payment upon first demand or earlier where both Parties agree or on such other date as may be required by the Enabling Legislation. You agree that We shall at any time be entitled to apply any portion of the security deposit against any sum owed to Us by You pursuant to the terms of the Agreement.

4.13 You agree to pay any outstanding charges transferred or assigned to Us by Your previous gas supplier together with any reasonable administration charge as notified by Us to You.

4.14 Any budget pay plans agreed between the Parties are subject to Our review and may be amended or terminated at Our absolute discretion.

5 WARRANTIES

5.1 You warrant that You are the owner or occupier of the Supply Address and that You have the power and authority to permit, grant and provide the matters referred to or contemplated by the Agreement including, but not limited to, securing any required consents, planning permissions, wayleaves or building warrants in respect of the Supply Address and/or other property relevant for supply to the Supply Address.

5.2 You warrant that You will take care to ensure that the Meter and other equipment installed at the Supply Address or other relevant property in connection with supply to the Supply Address is not damaged, stolen, subjected to Meter Tampering or otherwise interfered with, in each case whether by You or any other person, whether deliberately or accidentally and whether with or without Your knowledge and/or consent.

6 CONNECTION

6.1 Any quotation We give You for connection to the System (which may include an allowance) is valid only for 28 days from issue and applies only to the Supply Address.

6.2 Where the Supply Address is not connected to the System and We agree to assist You with connection to the System, We will endeavour to arrange connection within 15 working days. If it is not possible to connect the Supply Address within 15 working days We will notify You of the reason.

6.3 Where the Supply Address is connected to the Gas network, We will start supplying Gas under this Agreement by no later than 15 working days after the Effective Date, unless:

(a) You request that the supply starts from a later date; or

(b) the registered supplier for the Supply Address objects to the transfer of responsibility for the supply of Gas to Us; or

(c) there are other circumstances beyond Our control which prevent Us from starting to supply on that date.

6.4 The constituents of Gas supplied under the terms of this Agreement shall be in accordance with the quality standards identified from time to time in the Enabling Legislation. It shall be Your responsibility to assess and review the suitability of Gas for Your specific purposes and for use with specific equipment, uses and processes.

6.5 The condition in this clause 6.5 shall only apply to business customers consuming more than 32,000 kilowatt hours per annum. Gas will normally be supplied to the Meter at a pressure of 21 mbar, but at Your request and subject to availability, Gas may be supplied at an elevated pressure. On completion of the supply installation, We will notify You of the correction factor We will apply to the volume of Gas recorded by the Meter for billing purposes. We do not guarantee the continued availability of elevated pressure in excess of the standard 21 mbar. The facility of a supply of Gas at elevated pressure may be withdrawn by Us on providing a minimum of 3 months' notice to You.

7 TERMINATION AND SUSPENSION

7.1 This Agreement shall continue in force until otherwise terminated in accordance with the provisions of this condition 7.

7.2 This Agreement shall terminate:

(a) automatically from the date that a Last Resort Supply Direction, given to an alternative supplier of Gas supplier takes effect in relation to the Supply Address, provided that the Fixed Term has expired;

7.3 In the event that this Agreement is terminated by either Party during the Fixed Term or pursuant to condition 7.7, you shall be obliged to pay us a termination fee as follows:-

(i) where your average annual Gas usage is up to Up to 73,200 kWh a termination fee of £1,500; or

(ii) where your average annual Gas usage is 73,200 kWh to 732,000 (inclusive) kWh a termination fee of £2,000.

7.4 On termination You shall be entitled (upon written request to Us) to receive all consumption data relating to the supply of Gas to You at the Supply Address up to the date of termination. You shall receive a final bill of Our charges within 6 weeks of the termination date. The applicable termination fee shall be included on your final bill in accordance with condition 7.3.

7.5 Failure by You to provide Us with the notice required by condition 7.2 shall render Your notice ineffective and You shall remain liable for all charges and costs arising under this Agreement until the date of termination including where the Gas supply was not used by You but by a third party. 7.6

(a) We may by written notice to You immediately terminate this Agreement (in whole or in part) and/or disconnect Your supply if:

(i) You fail to pay any amount due to Us by the date upon which such amount was due;

(ii) You are due to pay Us a security deposit pursuant to clause 4.11 and We have not received it;

(iii) We have specified the payment method You should use to make payments under this Agreement and You do not use this specified method;

(b) In the event that We terminate this Agreement pursuant to condition 7.6(a) We shall be entitled to recover Our reasonable charges incurred in discontinuing the supply and Our debt recovery costs.

7.7 This Agreement may be terminated by Us with immediate effect if You are in breach of any condition herein or other trading terms with Us or if the Licence is revoked or Our duty to supply is restricted. In such circumstances We shall be entitled to disconnect Your supply and recover Our reasonable charges and costs incurred in discontinuing the supply together with any amounts due and owing by You to Us as at the date of termination.

7.8 The expiry or termination of this Agreement shall not affect the accrued rights of either Party prior to such expiry or termination.

8 SAFETY

8.1 Escape of Gas

Where You suspect that there is any escape of Gas (or any equipment is damaged which may result in an escape of Gas) You shall immediately notify the Network Operator's emergency service on telephone number 0800 002 001, or such other number as is notified to You.

We give no warranty, express or implied, as to the adequacy, safety or other characteristics of any gas pipes and other apparatus, appliances or devices used or to be used in connection with the supply and use of Gas on Your Side of the Meter.

9 EMERGENCIES

9.1 The Parties acknowledge that We may be required by (amongst others) the Department of Enterprise, Trade & Investment, the Authority or the Network Operator to disconnect or cease supply at the Supply Address or take such other action as required for any reason of System security or to comply with any requirement of applicable law or regulation and the Parties agree that the Company shall not have any liability in respect of any loss or damage arising as a result. (b) the Party affected shall use all reasonable endeavours to terminate the circumstance of Force Majeure if and to the extent reasonably practicable and with all reasonable speed and at reasonable cost; but nothing in this proviso shall limit Our absolute in relation to the settlement of any labour dispute constituting circumstances of Force Majeure; and

(c) The Parties acknowledge that Force Majeure shall not release any Party from any obligation to pay amounts due under this Agreement.
